Clapham and Patching C of E Primary School is part of the South Downs Education Trust.

At phase transfer age, children who attend Clapham and Patching C of E Primary School are given a higher priority for a place at Worthing High School.

# WELCOME TO OUR SCHOOL

Our school has an excellent reputation for being fully inclusive, as highlighted in our Ofsted Report November 2019.

***"Everyone is focused on the pupils best interest."***  
Ofsted\*

The school has a capacity of 57 students and the small, caring nature from early years to year 6 was identified by Ofsted in their report as being a real strength.

There has been a school on this site since 1814 and during its 206 year history the school has seen many changes and faced many challenges, evolving as all schools do.

Our students have access to a wide range of activities that support development and encourage the love of learning, both inside and outside the classroom.

## What OFSTED said about our school\*

"This is a small school where we all have high expectations for every pupil. Staff and governors are determined that everyone will do the best they can."

"Parents and carers are full of praise for everything that is being done to help their children to flourish. Parents who moved their children from other schools are particularly positive. They have seen their children become much more successful in school."

"The headteacher, teachers and governors have designed a curriculum to meet the needs of pupils."

"Reading sits at the heart of the curriculum."

"Teachers plan subjects carefully so that new ideas build on previous learning."

"Pupils love learning in the woodland area of the school."

"Children in early years, receive a strong start in school."

"Children are friendly, confident and articulate."
